

Ona

Simple as Nature

The Mediterranean is a source of life and inspiration. Hear the sound of the waves, feel the calmness of its waters, admire the solid strength with which rocks appear and follow them along the coastline and its luminous scenery.

Transforming nature's elements into the elements we design means leaving them as they are whenever possible.

This is Ona. The softness of its rounded corners reflects the smooth waves of the ocean, and the organic design of its ceramics touches your skin as lightly as a summer's breeze.

Immerse yourself in the Mediterranean lifestyle inside your own bathroom. Meet Ona.

Ona Collection

Simple as Nature

Ona pays homage to the diverse shapes of nature from our native Mediterranean. It is functional without ever appearing cold, with crisp aesthetics that follow the inherent warmth of the natural environment, made for those who enjoy the power of silent landscapes.

The Ona Collection design perfectly combines sophisticated proportions and archetypical shapes without losing a balancing human touch. Crafted with the future in mind, Ona embodies a philosophy of simplicity without neglecting the details that matter.

Features

Pure Elements

The maximum amount of research has gone into identifying and developing the essential characteristics of the collection, giving a luxurious feeling to simplicity, organic shapes and innovative materials. Rather than showing off, the priority is to feel well within well-designed surroundings where hygiene, performance and comfort are of primary concern.

The bathroom space is a place of inspiration and refuge, an intimate encounter with oneself, a refreshing moment of reflection. The Ona Collection provides all the essential elements to ensure your time is well-spent and your mind is at peace.

Design

Versatility is key. Slim basins feature a more subtle yet durable design with remarkable faucets featuring a cylindrical and slender body and a flat rectangular handle, in perfect harmony with the shape of the spout. In addition, the hidden fixations of the WC allow for a clean and minimal look at all times. The soothing matt white colour, can be complemented with furniture and accessories in Mediterranean colours.

Hygiene

Details that change everything inside your bathroom: Roca Rimless®, touchless and Supraglaze®. Roca Rimless® toilets are free of angles or nooks, and its optional Supraglaze® finish prevents dirt from adhering to the surface, making it ultra-hygienic and easy to clean.

Our touchless technology, employed in flushing, faucets and soap dispensers, function without direct contact for extra peace of mind.

Comfort

To feel comfortable starts with considering your needs. Ona prioritizes your needs through a series of notable features such as a comfortable WC height, a big flush button and a soft-close seat and WC cover with a practical button for a quick release. We offer asymmetric basins and corner baths with wide shelves, and our furniture drawers are equipped with soft-close features and complete extraction, ensuring convenient storage of your belongings.

Sustainability

To take care of the environment is not only about what we do; it reflects our very essence. We use technology and design to save water and energy, using features such as 4.5/3L flush, faucets with the Cold Start system and 5L/min flow limiters. But water isn't the only thing we consider. Our Fineceramic® technology produces lighter basins which minimise the impact of transport and the production process to limit our overall carbon footprint. Everything matters.

Versatility

Inhabiting Every Space

The Ona Collection adapts easily to different construction and refurbishment scenarios and space layouts. Its clear and inviting aesthetics create a sense of belonging, whether in private or public spaces with pleasant, well-designed and safe places for families, hospitality venues and business settings.

The Master Bathroom is the most discerning space in the house, a light-flooded territory that nurtures needs and desires. It is an area that radiates well-being through its architectural form, guaranteeing absolute harmony between all elements present. Although highly functional, the Ona Collection stands for generosity, purity and warmth in a setting without disturbances.

A hotel bathroom is always a promise of something ideal. Practical concerns are not of importance, only moments of beauty count. With Ona, this bathroom becomes a striking example of the Mediterranean lifestyle, embracing uncomplicated luxury that leaves a lasting impression, inspiring a sense of joy long after you return home.

Feel at Ease

Ceramic is the ideal material for the bathroom space, thanks to its remarkable natural hygienic properties. But ideal can still get better. With Fineceramic® we have found a revolutionary way to extend the critical properties of this material while adapting it better to the needs of contemporary design.

On the other hand, knowing intuitively where to find what you're looking for is one of the key characteristics of each place we call our own. Regardless of how much space you need and how formal or intimate the bathroom should be, Ona offers a variety of well-designed furniture solutions with an innate natural appeal.

Our diverse range is thoughtfully designed to cater to every need. Compartments with one or two drawers can be integrated depending on the size. Guided rails with a soft close feature and fully extractable drawers ensure effortless handling. In addition, Ona incorporates organizers in the top drawer for perfect order, while integrated handles provide a sleek look.

02

03

05

04

- 01 Fineceramic® basins with 8 mm thin walls.
- 02 Different measures in standard, compact and ultra-compact dimensions.
- 03 Optional Supraglaze® for optimal hygiene.
- 04 Asymmetric basins with functional lateral shelf.
- 05 Functional deeper bowl to avoid splashes.

Enjoy the choice between a modern matt white with a soft touch texture and the classic glossy white that adds shine to every bathroom. Chosen with care, both finishes may add creative, elegant and timeless highlights that brighten any space. A third option is the new Supraglaze®, that prevents dirt from adhering to the surface, making it ultra-hygienic and easy to clean.

- 01 Furniture solution for wall-hung and over countertop basins.
- 02 Double drawers in standard and compact versions.
- 03 Fully integrated robust metal handles.
- 04 Elegant dark interior finish with integrated organisers.
- 05 Soft-close and full extraction drawers.

Details are important. The furniture units are designed to reflect the Mediterranean colour palette and blend into the surrounding bathroom space. In addition, the integrity and harmony of an area dedicated to nature can be clearly perceived in a selection of warm hues dedicated to matt green, dark elm, and light oak. More neutral tones have been catered for with matt white and sand grey options.

Let simplicity flow

Choose how you want to feel. The sustainable elegance of the Ona Collection accentuates your space with a variety of well-chosen qualities. Whether the desired style is sophisticated or more natural, the possibilities offered will stand the test of time with material and aesthetic dimensions. The beauty of simplicity gently inspires you each time anew, without imposing itself forcefully.

Basin faucet in chrome

A cylindrical and particularly slim body with a flat rectangular handle is the essence of style. The specific angle of the aerator guarantees an optimum water flow towards the front area of the basin, while the design with soft movement adds comfort to everyday handling. This is clearly where technology and design meet without compromise.

Both pages:
Basin mixers in matt black /
800 mm unik basin

Hidden inside our faucets, the innovative Cold Start system avoids an unnecessary use of the boiler to save energy. Furthermore, the flow limiter technology allow you to care for the environment from the comfort of your bathroom preventing overconsumption of water.

- 02 High tech ceramic cartridge.
- 03 38mm diameter body, integrated aereator.
- 04 Up to 4 coatings available.
- 05 Two different basin mixer sizes.

Ona bathroom faucets are available in four finishes offering the possibility to customise the bathroom space. The chromed finish features Evershine electrolytic coating, that guarantees market-leading anticorrosion, brightness and superficial uniformity with anti-scratch properties. The titanium black and rose gold feature the sophisticated Everlux PVD technology, creating a fine but extraordinarily durable and scratch-resistant finish. Finally, a more classic choice for matt black completes the series.

Baths

Simply Relaxed

Balanced lines give shape to a bath with organic design references that recall the tranquillity and energizing force of the elements within your interior spaces. Home is where we find shelter from the world, where we can lay our being to rest and relax for a moment. The Ona Collection creates environments for this very moment.

1600 mm corner bath /
Bath faucet in matt black /
Stella hand-shower in matt black

Ona's range of baths lets you choose between different drop-in dimensions and gives you the possibility to decide on slightly smaller corner-right or corner-left installations. Other collection features include the faucet bench, an integrated overflow and a comfortable bottom length and depth. As masonry work can be avoided with the corner installation, even this process becomes simple.
